Job offer:

AZURE DATA ENGINEER

MM GUIDE IS LOOKING FOR NEW TALENTS!

WE ARE A FLAT AND AGILE ORGANIZATION WITH A START-UP CULTURE. WE ARE DRIVEN BY A CONSTANT DESIRE TO IMPROVE AND DEVELOP, WHILE ENCOURAGING EVERY MM GUIDE'ER TO COME UP WITH NEW PROPOSALS AND IDEAS TO SHAPE THE FUTURE OF THE ORGANIZATION.

Our goal is to help data-rich organizations access their potential and capitalize on its intrinsic value. We want to enable a decision-making process based on a data-driven culture by offering dedicated software development and specialized advice.

WE HAVE A STRONG CONNECTION TO OUR COMPANY VALUES AND WE ARE LOOKING FOR LIKE-MINDED CANDIDATES. YOU ARE A GREAT FIT IF YOU ARE:

Proactive and participative. You see opportunities and seize them.

You have a strong focus on personal growth. "Masters are lifelong students".

You communicate openly and honestly. Everyone is an expert in their field, every voice matters.

You are willing to cooperate. $1 + 1 = 3$.

Our engineers are full-stack developers. They work with a tech stack based on 25 years of experience and specialization in BI & data solutions.

If our values and goals align with yours, then MM Guide might be the right organization for you!

Core activities

As Azure Data Engineer:

- Designing and building data pipelines and streams.
- Designing and building data service APIs.
- Generating data visualizations for end users.
- Analyzing business processes and identifying potential improvements while using Azure data services.
- Coach junior developers.

WHAT WE ASK:

- Completion of a bachelor course (or comparable competence).
- You are a good advisor.
- You are fluent in English (professional).

WHAT WE OFFER:

- A challenging job at a growing and dynamic organization.
- Development programs to help you pursue your ambitions.
- A competitive salary, based on your experience and expertise.
- Company car or travel expenses reimbursement.
- We also provide a laptop, pension scheme, expense allowance, and 28+ vacation days.
